I went to the zoo with guess who?

My sister that's who.

Insert sibling photo or if none add picture and name
of person/persons child went with.

I saw a giraffe.
He makes me laugh.

His legs are so long they
hardly belong.

**There was a bear with lots
of hair and up in a tree
I could see a monkey**

**Not only
that, but
there was a
large cat.**

**I went to the fire station and what luck.
I saw a giant fire truck.**

**Ladders so tall and
ambulances big and small**

I saw baseball on the TV but it wasn't
the same
As going to a real game.

Let me say it is very
difficult to play.

Insert photo if available

I have played
catch in my yard
and it is very
hard.

In the fall I tried football!

Of course it is very cool at my pool.

When it's hotter
My friends like the water.

Sometimes a lake

This year I played soccer
It's a lot of run and fun
for girls and boys.

I am
quick
and I
can
dribble
and
kick.

Insert if you have a child's
soccer photo.

I LOVE TO RUN IN THE SUN.

**I GO TO THE PARK
DURING THE DAY, NOT IN THE DARK.
IT'S ALSO A FUN THING
TO GO HIGH ON A SWING**

**AND EVEN
SLIDE.**

My Family
Went
On...

We went
to Florida

Some of the things I did
were easy, some tough.
But we were on vacation
doing lots of stuff.

*All I can say is we had
great time to play*

Add vacation photos. Use as many pages as you have good pictures.

I went to birthday parties for
goodness sake.

We had ice cream and cake.

Let's
Party
Hardy!

Inset photo if available.

I went to a fair-carnival
There was lots of food if you were in
the mood.

There was a Ferris wheel with lights
to shine during the nights.
Scary rides on all sides.

There were games and shows and
what else who knows.

We even found a merry-go-around.

“Trick or treat, money or eat.”

Halloween.

It was just dandy collecting candy.

**My costume was a
Scarry monster.**

**“It would be a sin
If we didn’t carve a pumpkin.”
So I did!**

I went to gymnastics

The beam is not as easy

And of course
There were mats and a

Then there was the time I went to
a theater show.

It cost some money
and the actors were funny.

The actors made
everything seem like now
and at the end took a bow.

My _____ took me to the movies
It was very neat to have a treat
The seats were mushy – cushy.

The popcorn
smell

“Going to the doctor I was wary
It can be a little scary.

All I can say is

We went outside to camp.
We had some food and a lamp.
I slept very sound Even though
I was on the ground.

We had a fire, ate s'mores, used our
flashlight, looked at the stars, told
stories, pumped up my air mattress,
checked for rain, ate candy, had some
water, heard the birds and the bugs,
and after a while fell into a deep

**With my Mom I went
shopping.
We drove to the mall
without stopping.**

**It was huge but we found
our store. It had everything
and more.**

**It had a food
court.**

It was a feat to

Presents we found. They were all around.

I helped Cook and not from a book.

I helped make a cake for goodness sake

It was kind of fun
but I walked a ton.
We walked very far
And then some to find our car.

**Also my dinner was a
winner.**

Moreover I had a sleep over.

Some adult said time for bed
But there was more to be said
There was a little wait
Then we talked until late.

I went to a museum
Oh my, oh me, there was so much to see.
It was cool
At every turn
there was something new to

**I even took a flight in a plane.
I was glad there was no snow or
rain.**
